Governor Surrenders Today to Two
Indictments Returned by Federal
Grand Jury Saturday

CONTAIN THIRTY-ONE COUNTS

One Charging Postal Laws Violation
in Thirteen Counts And The
Other in Eighteen

ONE IS A JOINT INDICTMENT

Ames D. Morris, Former Cashier of
Kentland, Charged With Viola-
tion of U. S. Banking Laws

Indianapolis, Ind., Feb. 25—War-
ren T. McCray, governor of Indiana
voluntarily appeared at the office of
United States Marshal Meredith to-
day and surrendered to two indict-
ments returned by the federal grand
jury Saturday.

The indictments charge the gov-
ernor with using the mails in a
scheme to defraud, with violation of
the national banking laws, and with
conspiracy to violate the national
banking laws.

The indictments are voluminous,
the one charging violation of postal
laws being in thirteen counts, and
the other in eighteen.

Amos O. Morris, former cashier of
the Discount and Deposit bank at
Kentland and life long business as-
sociate of Governor McCray, was
jointly indicted with McCray on the
indictment charging violation of the
national banking laws.

McCray will be arraigned March
11. He gave two bonds, of \$10,000
on each indictment. They were signed
by state senators, William E. Eng-
lish and Robert L. Moorhead, Free-
Cline, member of the board of parli-
mentary commissioners, Elian H. Wolcott
state banking commissioner, and
Clarence W. Edwards, of Fayette
county.

Representations as to his financial
condition and as to the validity and
character of "cattle paper" on which
the governor obtained loans from
banks throughout the middle west,
are made the basis for the indict-
ment charging use of the mails in
a scheme to defraud.

One hundred and seventy banks
the indictment charges, were de-
frauded.

The national bank indictment is
based on acts said to have been
committed by the governor while he
was president of the Discount and
Deposit Bank at Kentland, from
which he resigned just before his
financial crash last August.

McCray is charged with misap-
plication of the funds of the bank,
falsifying records and reports to the

M'CRAY IS GRANTED A CHANGE OF JUDGE

Judge Collins Names 5 Attorneys
From Which Judge in Embezzle-
ment Case Will be Selected

TRIAL IS SET FOR MARCH 4

(By United Press)

Indianapolis, Ind., Feb. 25—Judge
James A. Collins in criminal court
today sustained a motion filed by
McCray's attorneys for a change of
judge when the governor goes to trial
on indictments returned against him
last November by the Marion county
grand jury, charging him with em-
bezzlement, larceny and forgery.

Judge Collins named five lawyers
for the special judge to be selected
from. Special prosecutor, Clarence
W. Nichols, struck off the names of
Solon J. Carter and Charles Remster.
Attorneys for McCray will make
their selection tomorrow from the
three remaining names: Judge Harry
O. Chamberlain, Charles O. Whitsie
and Francis C. Bailey, former United
States district attorney.

In petitioning for a change of
judge, McCray's attorneys alleged
that Judge Collins was prejudiced
and biased.

They will file a motion before the
special trial judge immediately af-
ter he is appointed asking for a con-
tinuance of the trial from March 4
to March 11.

MORE GOES FOR SWEETS THAN FOR EDUCATION

Americans Spend More For Candy, Soft Drinks and Ice Cream, Educator at Convention Says

NATIONAL MEETING MONDAY

Chicago, Ill., Feb. 25—Americans spend more for candy, soft drinks and ice cream than for education, Professor J. W. Crabtree, secretary of the National Educational Association declared here today announcing a fight against anti-education propaganda.

Professor Crabtree was one of the first 1200 delegates here to attend the annual convention of the N. E. A.

"It cost about \$1,500,000,000 to have good schools," Crabtree estimated and then compared this figure with the money spent for pleasure.

"How small that amount is compared to \$2,111,000,000 for tobacco and \$1,800,000,000 for candy, soft drinks, and ice cream!"

"It cost only \$1,500,000,000 for education for a year but more than \$3,000,000,000 for joy riding and pleasure."

Professor Crabtree said despite these startling figures, there was organized propaganda against spending so much money for schools.

The convention opened today with an address of welcome by Mayor William E. Dever, Chicago, followed by addresses by Judge Florence Allen, Columbus, Ohio and William McAndrew, newly appointed superintendent of Chicago's public schools.

Here Is Some Good Advice

Indianapolis, Ind.—“When my daughter was sixteen years of age she contracted a severe cold which came near resulting in her death. But I quit all other remedies and fell back on the medicine that saved me several years before, namely, Dr. Pierce's Favorite Prescription, along with the Golden Medical Discovery, and before the fourth bottle was gone she was well. From that time I have been recommending these two medicines.”—Mrs. Mary Holden, 43 South State Ave.

PEOPLE THRO' TO HEAR H. H. HALLEY

Continued from Page One

acquire that quality of soul that insures our being a blessing, from Christ. How? by contagion. We grow like those with whom we live. Do men take knowledge of us that we have been with Jesus. They will if daily and hourly we dwell in closest comradeship with Him.

Fifth in Sermon Series

“I believe in the Holy Catholic Church, the Communion of Saints,” was the text for the fifth sermon in the series on The Apostles' Creed delivered by the Rev. Gibson Wilson at the First Presbyterian church Sunday. The pastor spoke in part as follows:

The church is the greatest institution in the world today. Regardless of its faults, shortcomings, failures, no other institution is doing the good that it is doing. Any journalist, or magazine writer who runs short of material can always find some fault with the church.

The people who belong to the Church do not enter it to make a profession of their goodness, but realize that they need the sympathy and mutual helpfulness of others with similar desires. They realize that they have not attained their goal or are “already made perfect” for their life is full of error and stumbling, but they “press on toward the goal unto the prize of the high calling of God in Christ Jesus.”

The people who make claim for their goodness are outside of the church. They lift their eyebrows and point their fingers at the inconsistencies of Christians. These moralists profess to be so good that they need no help from the association of praying men. They look upon themselves as supermen, asking no odds of God, Christ or their fellow men.

When asked what do you believe? it is good to be able to name such great truths as God the Father; Christ our Lord; the Holy Spirit, and then to add, “the Church.”

The “high calling” of the Church is to holiness, which is the goal of the Christian life. For the helpfulness of those who would attain this goal she offers a creed.

As a help to its goal the Church offers a Moral Code, or rule of conduct as contained in the Ten Commandments and exemplified in The Sermon on the Mount.

As a third help the Church offers a Commission namely “Seek ye first his Kingdom and his righteousness and all these things shall be added unto you.”

This Church of which we speak is Catholic. The word means universal world-wide. It is not limited to the narrow confines of any denomination or group.

The Church is Catholic in its ambition to bear its standard; in its adaptation to the spiritual needs of all sorts and conditions of men; in its invitation to all who would get right with God.

The Church points to one open door, and that is Jesus who says, “I am the way, no man cometh unto the Father but by me.”

How magnificent that word Catholic is when stripped of all its arrogant claims, pretensions and demands that would make the Church one through compulsion.

With reference to the Church, the word Catholic means, “The Church taken as a whole,” the comprehensive Church, the whole body of believers in Christ.

The Holy Catholic church includes all branches of believers and divisions in which Christianity serves the world.

Our membership is first of all not of some local church or specific denomination but in the Catholic and universal church of Christ.

The head of this Church sits in heaven and not on any throne or in any office of man's making.

Its membership is made up of all true believer in all the ages past who looked forward to the redemption which God would provide, all those who through faith in Jesus Christ have sought to glorify Him, and to it will yet be added all who in the ages to come will profess their faith in Him and follow Him with a pure heart.

recognized in these seventeen states
and sooner or later it will be recog-

Thursday, Feb. 25, 1909Jake Gearhardt the tile manufac-
turer of near New Salem was robbed

the most prominent corners, Second

in that direction, have arranged to

“Girl Preacher,” to the Grand The-

dress the people of Rushville on the
subject “The Blight of Prohibition.”The Rushville Bowling team will
go to Connersville tonight to do bat-

edy villain in all of Charles Chap-
lin's pictures since “A Dog's Life,”
enacts the heavy comedy role in “Her
Temporary Husband,” the first Na-
tional farce comedy coming today
and Tuesday to the Princess Theatre.
Chuck's 200 pounds and belliger-
ent men play a most important part
in the picture. He is the leader of a
blood-thirsty gang of roughnecks
who complicate things a little for a
bride and groom who have married
hastily in order to inherit a big for-
tune.Playing comedy villainous roles
has been Chuck's forte for several
years. Previous to that he was in
turn pugilist, song writer, playwright
and vaudeville actor.In his earlier days he was the
heavyweight champion of the middle
west, a title he gained after winning
forty-eight consecutive bouts. He is
the author of several popular songs,
the best known of which is “Good
bye Broadway, Hello France,” a rol-
licking song popular during the war.A friend of Jack Dempsey, he
wrote the playlet in which the cham-
pion appeared on the vaudeville stage
all over the country.If that isn't enough to place him
in the movie hall of fame, we might
add that he is the father of “Dinky
Dean,” the famous kid actor in
Charles Chaplin's “The Pilgrim.”**“Vanity Fair,” Castle**“Vanity Fair,” a Goldwyn produc-
tion, will be the attraction at the
Castle theatre tonight and Tuesday.
George Walsh, Hobart Bosworth and

dicapped by Long Trip

The Rushville high school basket-
ball tossers, in their trip across the
state Saturday, gave a fitting close
to season, when both teams won
their games over the Garfield high
school of Terre Haute, with the first
squad winning by 20 points, 38 to 18,
and the second stringers coming out
ahead one point, 14 to 13.

Neither team had much trouble,
and substitutes had an active part
throughout the games. The two teams
were accompanied by the high school
band, and several rooters on a spe-
cial traction car, that returned home
early Sunday morning.

The Terre Haute team could not
get started, although they had a good
passing game, and their main diffi-
culty was hitting the basket after
taking the ball down the floor. Rush-
ville played in good style in the
opening minutes and when the score
mounted to 15 to 2, the game began
to drag and was listless.

One of the best players on the
Terre Haute team is Murphy, their
back guard, who played a stellar
game, and is a center. The Garfield
team is not the same aggregation
that played here last year, but the
youngsters will show improvement
next year.

The Lions entered the game under
the handicap of having played a
strenuous game Friday with Conners-
ville and after taking the long jaunt
of 110 miles across the state. Walk-
er, the center for the locals, who was
injured in the Connersville game,
accompanied the team on crutches,
and missed taking part in the last
scheduled game of the season.

His place at center was filled for
the greater portion of the game by
Lakin, who performed in good style.
Before the game had progressed very
far, all substitutes were given work-
outs.

The first half ended 19 to 8, and
had the Lions been playing their real
brand of ball, the score would have
been much larger.

At the start of the game, Cassle,
center for Terre Haute, fouled, and
Lakin made the one goal count. Mc-
Namara took the ball next down the
floor for an under-the-basket shot,
and tossed in the ball with a Gar-
field player hanging on, and a foul
was called, with the goal counting.
McNamara missed both chances on
the foul, and on his last attempt,
Spoddy jumped up and batted it in
when it rebounded from the rim,
making the score 5 to 0 in a few
seconds of play.

Lakin fouled, but Hylton missed
for Garfield. Cassle, their center,
eased a goal from near the foul line,
that made the score 5 to 2. In the
next few minutes neither team scored
and Anderson fouled, giving Hill-
goss a chance, but he missed. Cassle
fouled again for his second foul, and
Spoddy was given two chances,
making good one, and putting the
score 6 to 2.

Lakin dropped the ball in from the
right side line, with the ball sailing
high into the air, and not touching
the rim. McNamara followed this
shot with a long one that made the
score 10 to 2. Garfield called time
out, and the period was half over,
with ten minutes left to play.

Spencer fouled and Hillgoss made
the one chance count. Lakin found
the basket again from the field,
making the score 13 to 2. Comella
fouled, but Spencer missed both his
shots. Comella dribbled down to the
foul line, and made his first goal,
an put the count for Rushville at 15,
with Garfield trailing at 2.

Holdway, who had substituted for
Spencer for Garfield, went through
for a goal, but on the next toss up
Hillgoss dropped the ball in again
for Rushville, putting the score 17
to 4. Lakin then scored again. The
Terre Haute team called time out,
and only a couple of minutes re-
mained to play. Warth, who had gone
in at floor guard for Rushville, fouled
and Anderson made both goals and
when the ball was in play again,
Hylton took it through for a goal,
making the score 19 to 8, and the
Lions called time, and the half was
over in a few seconds when the play
was resumed.

The last half turned out to be a

Anyway, the Lions won their last
scheduled game of the season, by
downing the Garfield team of Terre
Haute by 20 points. It should have
been 60 points.

Garfield played in the Wiley gym
which was one of the finest places
that Rushville has visited this year.
The playing floor was unusually large
with the sky almost the limit in the
air. The crowd, however, was mostly
the Rushville second team and band,
with a few Terre Haute rooters and
the Garfield high band.

The two bands made the large gym
ring loud with the music. The best of
sportsmanship was displayed, and
the Lions probably never had a bet-
ter trip.

The Terre Haute team plays a re-

petition of the first, and the locals
took the score to 25, before Terre
Haute team scored again. Hillgoss
made a field goal and Snoddy a cou-
ple of fouls and Comella scored.

Snoddy fouled and Holdway made
his two points, that gave Garfield 19,
with Rushville at 25. McNamara
scored from the field, and Garfield
took time out for their third time.
Anderson fouled and Hillgoss count-
ed the chance. Lakin fouled and
Murphy missed a shot.

Garfield took time out again for
their fourth time, and Hillgoss
counted one point on the free throw,
making the score 29 to 10. Cassle
scored next on a field goal, and
Snoddy came back with one for
Rushville, making the score 31 to 12.
Cassle scored again for Terre Haute,
and Rushville called time.

Newbold fouled, but Hylton missed
both chances for the Terre Haute
team. Cavitt missed another chance
on a foul for Garfield. McNamara
scored for Rushville and Hylton
scored for his team, making the
count 33 to 16.

Lakin missed on a foul. Readle
and Miller each scored next for
Rushville, putting the count 37 to 16.
A Terre Haute player fouled, and
Newbold made one of the chances
count, putting the score 38 to 16, and
in the final minute of play Holdway
counted again for Terre Haute, that
put the score 38 to 18 when the gun
popped.

Cubs Take Close One

The Rushville second team, al-
though outplaying their opponents
of the Garfield second team, came
within an inch of losing the game by
being too overconfident and pulled
out a point victory, 14 to 13.

In the first half the locals were in
front 8 to 3, and in the last half
permitted Garfield to even things up,
and then first one would be in the
lead, and then the other, with Rush-
ville having the last say-so from the
field. The game was fifteen minute
halves, and the locals seemed lost on
the big playing court.

Garfield almost won the game on
fouls, making 7 of their 13 points in
that manner. Rushville made all their
points on field goals, with Wain-
wright, McIlwain, Christopher and
Arbuckle doing the work, and with
Sherman holding the back guard po-
sition down for the greater portion
of the game. Conover and Jones also
played before the game was over.

FANNING WITH FARRELL

Trouble With Fighters

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Feb. 25—One of Wil-
liam Muldoon's rules, issued from
the chair of the New York Boxing
Commission, prohibited boxers under
age from appearing in contests of
more than six rounds.

Like most of the rules which the
former chairman of the commission
put on the books, it caused a lot of
comment, and opinion was evenly
divided on its practical wisdom.

Everyone admitted, however, that
a very high ideal had prompted the
rule and that it might be a good one
in the long run.

One of the chief objections to the
rule was that it could be "cheated",
and that managers could add years
onto the real age of their boxer when
they applied for a license.

The discussion on the point spread
to England where the following in-
teresting comment was made in
"Sporting Life" (London):

"Everyone knows that it is not
merely unwise but harmful and dan-
gerous to impose too great a strain
on the physique of growing young-
sters, but one thinks the New York
Boxing Commission is over-graud-
motherly in saying that no youth un-
der the age of twenty shall be per-
mitted to box in anything over six-
round contests in that State.

"We should say that at least 95
percent of English boxers—and for
that matter boxers of any nationality
—have started when in their teens,
and that most of them have gone
ten, fifteen, and even twenty rounds
many times long before they were
twenty years old.

"But that is not to argue that all
of them are physically fitted for 60
or 80 minutes of boxing. There is no
doubt that many of them are not,
even though they pass a medical ex-
amination for organic soundness—
which is all a doctor is called upon
to concern himself about."

"Boxing imposes a great strain

on the physical powers, and one
could tell of many promising young-
sters, who, by being asked to do too
much in their growing years, have
had their careers ended almost be-
fore they were out of their teens,"
"Sporting Life" continues.
"But to put an age limit of twen-

TERRE HAUTE TEAM WINNER

The Fairview Athletic club failed
to stop the attack of the fast Mor-
gantown quintet Saturday morning
in the state tourney for Independent
teams at Indianapolis, and they fell
by the wayside by the score of 31 to
29. The team from Falmouth had
won two games, and worked up until
the morning session.

The state tourney was won Satur-
day night by the Terre Haute Jen-
sens, formerly the Terre Haute
Jacks, which won the cup last year.
The Joy-Glooms of Broadripple were
the runners-up, but lost 48 to 32.

ty years on all boxers indiscrimin-
ately is not only to impose hardship
upon a number of boxers who, con-
stitutionally and physically, are "set"
men at that age—this applies particu-
larly to the lighter weights—but to
invite perjury.

"The New York Commission has
found out already that many boxers
who have been accepted as over the
age limit, on the testimony of them-
selves, and their managers, were still
only in their teens. As they have said
when found out, they had to lie or
starve.

"To restrict young fellows of the
heavy, cruiser, and middleweight
classes to short contests during their

growing period might not be a bad
thing, because big men are much
slower in making their full growth
than the little fellows, but to place
the same restriction upon all boxers
indiscriminately is to indulge in leg-
islation of a kind that has brought
upon the Commission much criticism
in the past.

"If it had laid a restriction upon
the number and periodicity of con-
tests of ten rounds in which a young
boxer would be permitted to take
part in, say, a month, it might have
been justified.

"As it is, the commission has, in
effect, dogmatized on a subject upon
which not even the greatest authori-
ties on anatomy could come to
agreement applicable to all boxers."

McCray Accused of Violating The Postal and Banking Laws

Continued from Page One
Federal reserve bank in Chicago and abstraction of notes held by the bank.

Although the Kentland bank is a state institution, the government holds that the acts of its officers are subject to the national banking laws because it is a member of the federal reserve system.

The scheme by which McCray is said to have used the mails to defraud banks is set out at length.

McCray according to the indictment, represented himself as the owner of "cattle paper" which personal investigation had shown was made by persons financially responsible when such was not the case.

It charges many of the notes were forged by McCray with out the knowledge or consent of the supposed makers of the notes asking extension of time for payment.

McCray, the indictment says, gave as collateral for loans notes which did not represent genuine business transactions. Many of these notes, it is charged, were forged or had no real value.

It is further charged that a McCray invented company names for farm actually owned by himself and signed these names to notes to make it appear these companies were actually indebted to him.

Some notes the governor dated back thirty or sixty days and collected the accrued interest from banks, the indictment says, while on others it is alleged he changed the dates and put them out a second time, adding his own endorsement to them.

Three separate financial statements issued by the governor and circulated through the mails represented his worth at more than the actual value of his property after his debts had been deducted.

McCray's indictment by the federal grand jury came after a 10 day's investigation of his financial affairs, during which representatives of more than 150 Indiana banks, postoffice inspectors and business associates of the governor were called.

He is already under indictment by the Marion county grand jury on more than 200 counts charging him with forgery, larceny and embezzlement of \$155,000 of the funds of the state board of agriculture.

Unless the trial date is postponed McCray will go to trial on the indictments in the Marion county court on March 4.

Skin Disorders

Chiropractic Health Talk No. 54
By H. V. McCully, D. C., Ph. C.

Because the pimples and the eczema are troubles of the skin, it is commonly supposed that soaps and ointments are means of restoring a clear, and healthful complexion. This is clearly a mistake.

The cause of every disease is something within the body. An external treatment for pimples, eczema, etc., is merely toying with the effect, and can never get at and remove the cause within.

When the healthful and normal action of the kidneys and eliminating organs of the body are brought back the poisons are eliminated the natural way and do not have to escape through the pores of the skin and cause this irritation.

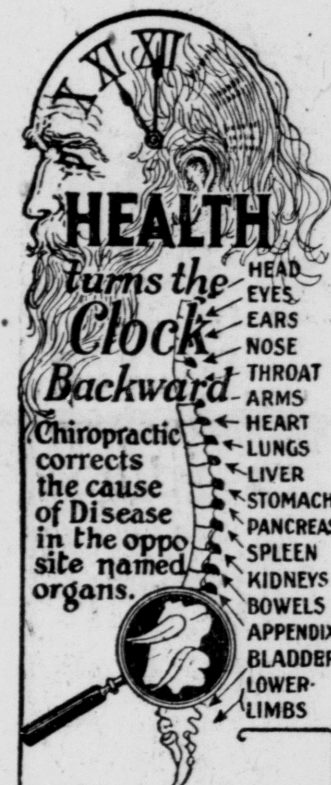

There is no substitute for our Chiropractic Spinal Adjustments in skin disorders, because they remove the cause.

The Burden of Eczema Is Thrown Off

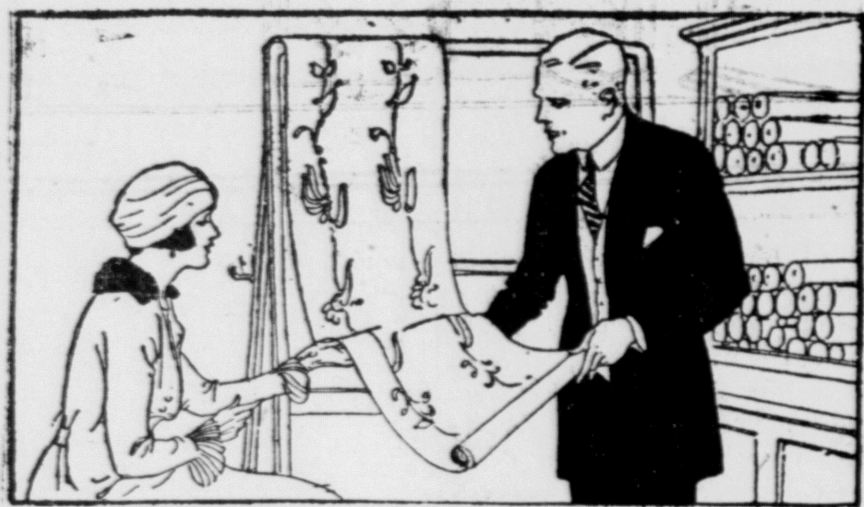

"For years I suffered with eczema so badly that life was a burden. I also had pains in the back of my head and dizziness. I began Chiropractic Spinal Adjustments without much faith because medical doctors had failed, but I found the method utterly different. Improvement began almost immediately, but I continued the adjustments for some time. Today the itching has wholly subsided, my skin is clear, I sleep soundly and my whole physical condition is normal."—Mrs. C. Anderson, Chiropractic Research. Bureau Statement No. 1383C.

M'CRAY ACCUSED OF VIOLATING THE POSTAL AND BANKING LAWS

Governor Surrenders Today to Two
Indictments Returned by Federal
Grand Jury Saturday

CONTAIN THIRTY-ONE COUNTS

One Charging Postal Laws Violation
in Thirteen Counts And The
Other in Eighteen

ONE IS A JOINT INDICTMENT

Ames D. Morris, Former Cashier of
Kentland, Charged With Viola-
tion of U. S. Banking Laws

Indianapolis, Ind., Feb. 25—Warren T. McCray, governor of Indiana voluntarily appeared at the office of United States Marshal Meredith today and surrendered to two indictments returned by the federal grand jury Saturday.

The indictments charge the governor with using the mails in a scheme to defraud, with violation of the national banking laws, and with conspiracy to violate the national banking laws.

The indictments are voluminous: the one charging violation of postal laws being in thirteen counts, and the other in eighteen.

Amos O. Morris, former cashier of the Discount and Deposit bank at Kentland and life long business associate of Governor McCray, was jointly indicted with McCray on the indictment charging violation of the national banking laws.

McCray will be arraigned March 11. He gave two bonds, of \$10,000 on each indictment. They were signed by state senators, William E. English and Robert L. Moorhead, Fred Cline, member of the board of parliament, and E. H. Wolcott, state banking commissioner, and Clarence W. Edwards, of Payette county.

Representations as to his financial condition and as to the validity and character of "cattle paper" on which the governor obtained loans from banks throughout the middle west are made the basis for the indictment charging use of the mails in a scheme to defraud.

One hundred and seventy banks the indictment charges, were defrauded.

The national bank indictment is based on acts said to have been committed by the governor while he was president of the Discount and Deposit Bank at Kentland, from which he resigned just before his financial crash last August.

McCray is charged with misapplication of the funds of the bank, falsifying records and reports to the

COUNTY WILL RECEIVE \$ 5,237.92 AS GAS TAX

Share of Half Million Dollars Which
Will be Distributed by the State
March 1

HALF BASED ON ROAD MILEAGE

Rush county will receive \$5,237.92 March 1 as its share of the half million dollars collected in gasoline tax which will be distributed among the counties of the state.

Half of the \$500,000 is divided equally among all of the counties and the other \$250,000 is distributed on the basis of the number of miles of improved highways in the county.

Each county gets \$2,717.39 in the equal distribution and Rush county will receive \$2,520.53 as its share on the mileage basis.

The county has 350 miles of improved highway. The mileage was computed by Phil Wilk, county auditor, by digging through the county road records, and certified it to the state auditor.

"Clinton county will receive the largest sum from the fund on account of having the greatest number of miles of improved highway and Brown county will get the least, having only 79.8 miles in the county road system."

NEW EVIDENCE LIKELY IN OIL INVESTIGATION

May Smead Names of Leaders in
Both Political Parties Due to
Bitter Partisan Feeling

COMMITTEE TO TRACK LEAKS

Washington, Feb. 25—Bitter partisan feeling growing out of the senate oil inquiry threatened today to bring forth new evidence designed to smear the names of leaders in both parties.

The name of a Republican presidential candidate, heretofore unmentioned in the scandal may be drawn into the Doheny interests.

The committee is to trace leaks from Republican members of the investigating committee itself. Republicans threatened to recall Wm. G. McAdoo, Democratic presidential candidate who said Saturday in Los Angeles that his law firm would have been paid \$1,000,000 by E. L. Doheny if they had succeeded in

A "NEAR" FALSE ALARM

A false fire alarm came near being chalked up on the books for the fire department Sunday during the noon hour, when box 132, corner Main and Second streets, was accidentally "pulled" by Will H. Moffitt, one of the firemen.

Mr. Moffitt was inspecting the box, when he set the thing off. The indicator at the fire station popped up number one, and then number three—and stopped. Mr. Moffitt checked the box before the last two numbers were piled up, or else the fire trucks would have been on the scene, and a false alarm charged up.

MURDER PLANNED IN INDIANAPOLIS

Police Seek Evidence to Establish
Theory of Chicago Police in Double Slaying

WERE IN INDIANAPOLIS FEB. 15

Indianapolis, Ind., Feb. 25—Indianapolis police today sought evidence to establish the theory of Chicago police that the murder of John Duffy, Chicago tenderloin character, and his wife was planned in Indianapolis.

Duffy and the woman believed to be his bride were murdered in Chicago Friday.

Police here established the fact that the couple had been in Indianapolis on February 15 with Morris Curtis and his wife. Curtis, according to Chicago police, was the last man seen in the Duffy apartment before the body of Mrs. Duffy was found.

He is now being sought by Chicago police for a quizzing in connection with the murder.

The theory of police is that the murder was planned while Duffy and Curtis and their wives were in Indianapolis.

Howell Brothers Against Claude W.
Stucker

OBJECTIONS TO REEVE WILL

A list of three judges has been submitted to try the case of Howell Brothers against Claude W. Stucker, a suit on an account, in which a change of judge was requested. can, For Commissioner

Paul L. Stewart of the Sanitary Dry Cleaners stated that he would be a candidate for the republican nomination for clerk of the circuit court. He was a candidate for city treasurer at the last city election.

George Bell of Mays was the last candidate to get into the primary race today. He is the present county commissioner from the northern district that will seek the nomination for the same office on the republican ticket.

PEOPLE THROG TO HEAR H. H. HALLEY

Noted Bible Reader Begins Series of
Two Weeks' Meeting, Opening at
First Presbyterian Church

SCHEDULE IS ANNOUNCED

Rev. Gibson Wilson Preaches Another
of Series of Sermons on the
Apostles Creed

People thronged to the First Presbyterian church Sunday evening to hear H. H. Halley, celebrated Bible reader, who appeared for the first time in a series of Bible readings to be given in Rushville churches each night except Saturday, for the next two weeks.

Mr. Halley will be at the First Presbyterian church again tonight, at the First Baptist church Tuesday and Wednesday nights and at the First United Presbyterian church Thursday and Friday nights. The meetings will be held at St. Paul's Methodist Episcopal church the first three nights of the second week and at the Main Street Christian church the last three nights.

People who attended the meeting Sunday evening found that Mr. Halley was all that had been said of him and that his readings from the Bible were presented in such a way as to be very impressive.

Mr. Halley, whose home is in Chicago, was a minister of the gospel for ten years. Suffering a nervous breakdown, he turned to business for a livelihood. During a three years illness, he became familiar with the Bible, which accounts for his ability to quote from the scriptures at will.

Morning sermons in Rushville churches Sunday were as follows:

"The Contagion of Life" was the subject of the morning sermon preached by the Rev. H. W. Hargett at the St. Paul's M. E. church Sunday. The text was taken from Acts 4:13. "Why they beheld the boldness of Peter and John and had perceived that they were unlearned and ignorant men, they marvelled and they took knowledge of them, that they had been with Jesus."

The pastor spoke in part as follows:

Interesting and beautiful is the story of the rise and progress of the early church. When we inquire into its secret we find the answer in the descent of the Spirit upon the day of Pentecost. But to whom did He come? To those who had been with Jesus. By the contagion of His life they had been so transformed that even their enemies could account for their courage and wisdom in no other way than that of fellowship with Christ. The man of mud had become the man of marble the dreamer had become a doer, the son of thunder had changed the flash of lightning into unfailing light and love.

We know the power of contagion in disease and in vice, do we know its power in righteousness? Nothing is more contagious than the religious life. Souls are kindled by the personal touch with churches; cities, countries are swept by tides of holy passion. Contagion has given us war, it can also give us peace and sobriety and the joy of holy living.

Back of all our doctrines and teachings is the Christ-like character of his followers. We are so bound to other men by vital bonds that we cannot wall ourselves in nor confine the consequences of being or doing to ourselves.

Every life is contagious for good or evil. Men may be blights and blots or blessings, but they cannot be blanks. Ella Wheeler Wilcox tells us that "thoughts are things and their airy wings are swifter than carrier doves." We know that thoughts and ideals have wings by the swift-ness with which they fly from life to life. The currency which you keep by spending it is Christian character. Life is a circle of bane or blessing. If the blood that flows from the heart to every part of the body is pure it spells health and life. If it is poisoned it spells disease and death. The influence of each personality is felt in the circle of the church and community. Each should be an evangelist. He cannot escape his responsibility. He ought not wish to escape his high privilege. Whence can we

MORE GOES FOR SWEETS THAN FOR EDUCATION

Americans Spend More For Candy, Soft Drinks and Ice Cream, Educator at Convention Says

NATIONAL MEETING MONDAY

Chicago, Ill., Feb. 25—Americans spend more for candy, soft drinks and ice cream than for education, Professor J. W. Crabtree, secretary of the National Educational Association declared here today announcing a fight against anti-education propaganda.

Professor Crabtree was one of the first 1200 delegates here to attend the annual convention of the N. E. A. "It cost about \$1,500,000,000 to have good schools," Crabtree estimated and then compared this figure with the money spent for pleasure.

"How small that amount is compared to \$2,111,000,000 for tobacco and \$1,800,000,000 for candy, soft drinks, and ice cream!"

"It cost only \$1,500,000,000 for education for a year but more than \$3,000,000,000 for joy riding and pleasure."

Professor Crabtree said despite these startling figures, there was organized propaganda against spending so much money for schools.

The convention opened today with an address of welcome by Mayor William E. Dever, Chicago, followed by addresses by Judge Florence Allen, Columbus, Ohio and William McAndrew, newly appointed superintendent of Chicago's public schools.

But I quit all other remedies and fell back on the medicine that saved me several years before, namely, Dr. Pierce's Favorite Prescription, along with the Golden Medical Discovery, and before the fourth bottle was gone she was well. PEOPLE THRO' TO HEAR H. H. HALLEY

acquire that quality of soul that insures our being a blessing, from Christ. How? by contagion. We grow like those with whom we live. Do men take knowledge of us that we have been with Jesus. They will if daily and hourly we dwell in closest comradeship with Him.

Fifth in Sermon Series

"I believe in the Holy Catholic Church, the Communion of Saints," was the text for the fifth sermon in the series on The Apostles' Creed delivered by the Rev. Gibson Wilson at the First Presbyterian church Sunday. The pastor spoke in part as follows:

The church is the greatest institution in the world today. Regardless of its faults, shortcomings, failures, no other institution is doing the good that it is doing. Any journalist, or magazine writer who runs short of material can always find some fault with the church.

The people who belong to the Church do not enter it to make a profession of their goodness, but realize that they need the sympathy and mutual helpfulness of others with similar desires. They realize that they have not attained their goal or are "already made perfect" for their life is full of error and stumbling, but they "press on toward the goal unto the prize of the high calling of God in Christ Jesus."

The people who make claim for their goodness are outside of the church. They lift their eyebrows and point their fingers at the inconsistencies of Christians. These moralists profess to be so good that they need no help from the association of praying men. They look upon themselves as supermen, asking no odds of God, Christ or their fellow men.

When asked what do you believe? it is good to be able to name such great truths as God the Father; Christ our Lord; the Holy Spirit, and then to add, "the Church".

The "high calling" of the Church is to holiness, which is the goal of the Christian life. For the helpfulness of those who would attain this goal she offers a creed.

As a help to its goal the Church offers a Moral Code, or rule of conduct as contained in the Ten Commandments and exemplified in The Sermon on the Mount.

As a third help the Church offers a Commission namely "Seek ye first his Kingdom and his righteousness and all these things shall be added unto you."

This Church of which we speak is Catholic. The word means universal world-wide. It is not limited to the narrow confines of any denomination or group.

The Church is Catholic in its ambition to bear its standard; in its adaptation to the spiritual needs of all sorts and conditions of men; in its invitation to all who would get right with God.

The Church points to one open door, and that is Jesus who says, "I am the way, no man cometh unto the Father but by me."

How magnificent that word Catholic is when stripped of all its arrogant claims, pretensions and demands that would make the Church one, through compulsion.

With reference to the Church, the word Catholic means, "The Church taken as a whole," the comprehensive Church the whole body of believers in Christ.

The Holy Catholic church includes all branches of believers and divisions in which Christianity serves the world.

Our membership is first of all not of some local church or specific denomination but in the Catholic and universal church of Christ.

The head of this Church sits in heaven and not on any throne or in any office of man's making.

Its membership is made up of all true believers in all the ages past who looked forward to the redemption which God would provide, all those who through faith in Jesus Christ have sought to glorify Him, and to it will yet be added all who in the ages to come will profess their faith in Him and follow Him with a pure heart.

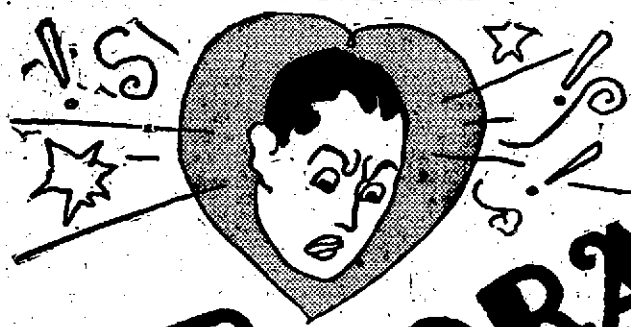

Must Stoke Up.

ment of banks, particularly in the
western states, is due to the with-
drawal of deposits for investment in
tax-free securities, competent au-
thorities say.Withdrawals reached such an
alarming stage that Secretary of the
Treasury Mellon withdrew the sale of
tax-exempt postal savings certifi-

seventeen affected states.The blighting effect of these tax-
free securities upon business is now
recognized in these seventeen states
and sooner or later it will be recog-

to hold deposits. Interest on checking

LIONS AND CUBS WIN FINAL GAMES

CLOSE SEASON WITH VICTORY

Rushville High School Basketball
Tossers Trim Garfield Team of
Terre Haute Handily

CUBS ALSO ARE VICTORIOUS

Substitutes Take Active Part in Sat-
urday Night Games—Lions Man-
dicapped by Long Trip

The Rushville high school basket-
ball tossers, in their trip across the
state Saturday, gave a fitting close
to season, when both teams won
their games over the Garfield high
school of Terre Haute, with the first
squad winning by 20 points, 38 to 18,
and the second stringers coming out
ahead one point, 14 to 13.

Neither team had much trouble,
and substitutes had an active part
throughout the games. The two teams
were accompanied by the high school
band, and several rooters on a spe-
cial traction car, that returned home
early Sunday morning.

The Terre Haute team could not
get started, although they had a good
passing game, and their main dif-
ficulty was hitting the basket after
taking the ball down the floor. Rush-
ville played in good style in the
opening minutes and when the score
mounted to 15 to 2, the game began
to drag and was listless.

One of the best players on the
Terre Haute team is Murphy, their
back guard, who played a stellar
game, and is a corner. The Garfield
team is not the same aggregation
that played here last year, but the
youngsters will show improvement
next year.

The Lions entered the game under
the handicap of having played a
strenuous game Friday with Conners-
ville and after taking the long jaunt
of 110 miles across the state. Walk-
er, the center for the locals, who was
injured in the Connersville game,
accompanied the team on crutches,
and missed taking part in the last
scheduled game of the season.

His place at center was filled for
the greater portion of the game by
Lakin, who performed in good style.
Before the game had progressed very
far, all substitutes were given work-
outs.

The first half ended 19 to 8, and
had the Lions been playing their real
brand of ball, the score would have
been much larger.

At the start of the game, Cassle,
center for Terre Haute, fouled, and
Lakin made the one goal count. Mc-
Namara took the ball next down the
floor for an under-the-basket shot,
and tossed in the ball with a Gar-
field player hanging on, and a foul
was called, with the goal counting.
McNamara missed both chances on
the foul, and on his last attempt,
Snoddy jumped up and batted it in
when it rebounded from the rim,
making the score 5 to 0 in a few
seconds of play.

Lakin fouled, but Hylton missed
for Garfield. Cassle, center, en-
caged a goal from near the foul line,
that made the score 5 to 2. In the
next few minutes neither team scored
and Anderson fouled, giving Hilligoss
a chance, but he missed. Cassle
fouled again for his second foul, and
Snoddy was given two chances,
making good one, and putting the
score 6 to 2.

Lakin dropped the ball in from the
right side line, with the ball sailing
high into the air, and not touching
the rim. McNamara followed this
shot with a long one that made the
score 10 to 2. Garfield called time
out, and the period was half over,
with ten minutes left to play.

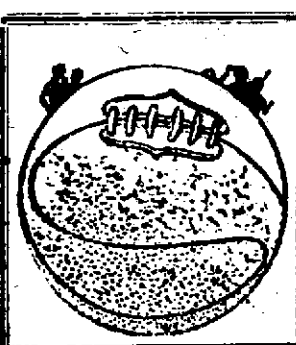

Spencer fouled and Hilligoss made
the one chance count. Lakin found
the basket again from the field,
making the score 13 to 2. Comella
fouled, but Spencer missed both his
shots. Comella dribbled down to the
foul line, and made his first goal,
and put the count for Rushville at 15,
with Garfield trailing at 2.

Holdway, who had substituted for
Spencer for Garfield, went through
for a goal, but on the next toss up
Hilligoss dropped the ball in again
for Rushville, putting the score 17
to 4. Lakin then scored again. The
Terre Haute team called time out,
and only a couple of minutes re-
mained to play. Warth, who had gone
in at floor guard for Rushville, fouled
and Anderson made both goals and
when the ball was in play again,
Hylton took it through for a goal,
making the score 19 to 8, and the
Lions called time, and the half was
over in a few seconds when the play
was resumed.

HITTIN' 'EM AND MISSIN' 'EM

Anyway, the Lions won their last
scheduled game of the season, by
downing the Garfield team of Terre
Haute by 20 points. It should have
been 60 points.

Garfield played in the Wiley gym
which was one of the finest places
that Rushville has visited this year.
The playing floor was unusually large
with the sky almost the limit in the
air. The crowd, however, was mostly
the Rushville second team and band,
with a few Terre Haute rooters and
the Garfield high band.

The two bands made the large gym
ring mud with the music. The best of
sportsmanship was displayed, and
the Lions probably never had a bet-
ter trip.

The Terre Haute team plays a re-

repetition of the first, and the locals
took the score to 25, before Terre
Haute team scored again. Hilligoss
made a field goal and Snoddy a cou-
ple of fouls and Comella scored.

Snoddy fouled and Holdway made
his two points, that gave Garfield 10,
with Rushville at 25. McNamara
scored from the field, and Garfield
took time out for their third time.
Anderson fouled and Hilligoss count-
ed the chance. Lakin fouled and
Murphy missed a shot.

Garfield took time out again for
their fourth time, and Hilligoss
counted one point on the free throw,
making the score 29 to 10. Cassle
scored next on a field goal, and
Snoddy came back with one for
Rushville, making the score 31 to 12.
Cassle scored again for Terre Haute,
and Rushville called time.

Newbold fouled, but Hylton missed
both chances for the Terre Haute
team. Cavitt missed another chance
on a foul for Garfield. McNamara
scored for Rushville and Hylton
scored for his team, making the
count 33 to 16.

Lakin missed on a foul. Readle
and Miller each scored next for
Rushville, putting the count 37 to 16.
A Terre Haute player fouled, and
Newbold made one of the chances
count, putting the score 38 to 16, and
in the final minute of play Holdway
counted again for Terre Haute, that
put the score 38 to 18 when the gun
popped.

The lineup and summary:

Cubs Take Close One

The Rushville second team, al-
though outplaying their opponents
of the Garfield second team, came
within an inch of losing the game by
being too overconfident and pulled
out a point victory, 14 to 13.

In the first half the locals were in
front 8 to 3, and in the last half
permitted Garfield to even things up,
and then first one would be in the
lead, and then the other, with Rush-
ville having the last say-so from the
field. The game was fifteen minute
halves, and the locals seemed lost on
the big playing court.

Garfield almost won the game on
fouls, making 7 of their 13 points in
that manner. Rushville made all their
points on field goals, with Wain-
wright, Melvain, Christopher and
Arbuckle doing the work, and with
Sherman holding the back guard po-
sition down for the greater portion
of the game. Conover and Jones also
played before the game was over.

The line-up and summary:
R. H. S. Seconds 14; Garfield 13
Wainwright F House
Melvain F Hogan
Christopher C Shea
Arbuckle G Jacobs
Sherman G Mendenhall
Substitutions, Conover and Jones;

turn game here next year, and by
that time they will be going good, as
the team is composed mostly of new
boys this year, that promise to de-
velop into a fast aggregation.

It was a good thing that the Lic-
enses didn't get to play, because they
sure would have been lost on that im-
mense floor.

The tough luck Lion is Russell
Walker. He was injured in the Con-
nersville game, and will probably get
cheated out of his season's labor of
playing in the sectionary tourney. It's
a bad time to lose a player so valu-
able as the center, but here's hoping
that his injury heals by tourney time.

An Ikimik is a lucky bird, if
the sectional drawing has any-
thing to do with it.

Poor Gidgs, why couldn't they
have drawn someone that would have
been kind to 'em.

Save your stuff Raleigh for the
Connersville team. Knock 'em cold
with your basket-shooting. Watch
'em close, especially the center.

Let's boost for a Rush county win-
ner this year to go to the state
tourney.

Sorta looks like Rushville and
Webb will have a chance in the sec-
ond round, if each come through with
their first game.

Two of the teams intended for
Rushville got berths in the Henry
county sectional at Newcastle.
Fairview and Beantown were sent
up there in order to prevent a big
tourney here. Wonder if they were
drawn for the change, or just picked
by the state board. If the teams had
been drawn, maybe it would have
been different.

Tourney tickets on sale now. Also
the regional tickets for Richmond,
if anyone's got the nerve to buy 'em
this early.

Newcastle showed Greencastle
Friday night that they meant it when
they defeated them earlier at New-
castle. This time the game was
played at Greencastle, and Newcas-
tle won out 24 to 21. Now they are
expecting to down Knightstown,
Mooreland and the rest of the en-
trants in the sectional.

Shelbyville winner tackles the No-
blesville winner in the first encoun-
ter at Richmond. The Noblesville win-
ner will probably be Areagia, a team
that might turn out to be a Moore-
land for Shelbyville. Areagia held
Anderson to 7 points, and defeated
Greencastle worse than Shelbyville
did, but even at that it will be a
safe bet to say that Shelbyville and
Muncie will tangle in the second
game at Richmond.

A tip to the wise: Milroy is the
most dangerous team in the Rush-
ville sectional.

Moscow is due to spring the Little
Sandusky stuff. You can't play with
'em.

Carthage is to be feared at all
times. They made it to the finals in
the county tourney.

Rush County fans expect Raleigh
to bring honor upon themselves.
We're for 'em.

Don't forget that Webb is in the
running all of the time.

So long, old score card. It's
up to Mr. Ibsaa to furnish the
rest of the amusement for the
season.

The Shelbyville Republican says:
Newcastle wants to know why
the schools officials over there
do not reach out into adjoining
territory for basketball players

Newcastle that the trains have to

Trouble With Fighters

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Feb. 25.—One of Wil-
liam Muldoon's rules, issued from
the chair of the New York Boxing
Commission, prohibited boxers under
age from appearing in contests of
more than six rounds.

Like most of the rules which the
former chairman of the commission
put on the books, it caused a lot of
comment, and opinion was evenly
divided on its practical wisdom.

Everyone admitted, however, that
a very high ideal had prompted the
rule and that it might be a good one
in the long run.

One of the chief objections to the
rule was that it could be "cheated,"
and that managers could add years
onto the real age of their boxer when
they applied for a license.

The discussion on the point spread
to England where the following in-
teresting comment was made in
"Sporting Life" (London):

"Everyone knows that it is not
merely unwise but harmful and dan-
gerous to impose too great a strain
on the physique of growing young-
sters, but one thinks the New York
Boxing Commission is over-groun-
d-motherly in saying that no youth un-
der the age of twenty shall be per-
mitted to box in anything over six-
round contests in that state.

"We should say that at least 95
percent of English boxers—and for
that matter boxers of any nationality
—have started when in their teens,
and that most of them have gone
ten, fifteen, and even twenty rounds
many times long before they were
twenty years old.

"But that is not to argue that all
of them are physically fitted for 60
or 80 minutes of boxing. There is no
doubt that many of them are not,
even though they pass a medical ex-
amination for organic soundness—
which is all a doctor is called upon
to concern himself about."

"Boxing imposes a great strain

on the physical powers, and one
could tell of many promising young-
sters, who, by being asked to do too
much in their growing years, have
had their careers ended almost be-
fore they were out of their teens,"
"Sporting Life" continues.

"But to put an age limit of twen-

McCray Accused of Violating The Postal and Banking Laws
Continued from Page One
Federal reserve bank in Chicago and abstraction of notes held by the bank.
Although the Kentland bank is a state institution, the government holds that the acts of its officers are subject to the national banking laws because it is a member of the federal reserve system.
The scheme by which McCray is said to have used the mails to defraud banks is set out at length.
McCray according to the indictment, represented himself as the owner of "cattle paper" which personal investigation had shown was made by persons financially responsible when such was not the case.
It charges many of the notes were forged by McCray with out the knowledge or consent of the supposed makers of the notes asking extension of time for payment.
McCray, the indictment says, gave as collateral for loans notes which did not represent genuine business transactions. Many of these notes, it is charged, were forged or had no real value.
It is further charged that McCray invented company names for farm actually owned by himself and signed these names to notes to make it appear these companies were actually indebted to him.
Some notes the governor dated back thirty or sixty days and collected the accrued interest from banks, the indictment says, while on others it is alleged he changed the dates and put them out a second time, adding his own endorsement to them.
Three separate financial statements issued by the governor and circulated through the mails represented his worth at more than the actual value of his property after his debts had been deducted.
McCray's indictment by the federal grand jury came after a 10 day investigation of his financial affairs, during which representatives of more than 150 Indiana banks, postoffice inspectors and business associates of the governor were called.
He is already under indictment by the Marion county grand jury on more than 200 counts charging him with forgery, larceny and embezzlement of \$155,000 of the funds of the state board of agriculture.

Unless the trial date is postponed McCray will go to trial on the indictments in the Marion county court on March 4.

Skin Disorders
Chiropractic Health Talk No. 54
By H. V. McCully, D. C., Ph. C.

Because the pimples and the eczema are troubles of the skin, it is commonly supposed that soaps and ointments are means of restoring a clear, and healthful complexion. This is clearly a mistake.

The cause of every disease is something within the body. An external treatment for pimples, eczema, etc., is merely toying with the effect, and can never get at and remove the cause within.

When the healthful and normal action of the kidneys and eliminating organs of the body are brought back the poisons are eliminated the natural way and do not have to escape through the pores of the skin and cause this irritation.

There is no substitute for our Chiropractic Spinal Adjustments in skin disorders, because they remove the cause.

The Burden of Eczema Is Thrown Off

"For years I suffered with eczema so badly that life was a burden. I also had pains in the back of my head and dizziness. I began Chiropractic Spinal Adjustments without much faith because medical doctors had failed, but I found the method utterly different. Improvement began almost immediately, but I continued the adjustments for some time. Today the itching has wholly subsided, my skin is clear, I sleep soundly and my whole physical condition is normal."
